

## Hideaway

Rag'n'Bone Man

Two feet off the ground  
Riding on a wave with you  
Every sight and every sound  
Feel like they were made for you

So light one up and smoke the clouds away  
I don't want to feel the pain today  
People out there rushing in the streets  
I'll admit defeat  
So pour one in your cup and sink it down  
I don't wanna see a single frown  
Block out all the stupid jealousy  
I wish they'd let us be

So let's just hideaway  
Leave the world outside  
No, we don't have to face  
Our troubles tonight  
Oh, it's a losing game  
To get all caught up in the race  
Let them walk on by  
Oh, oh, oh, oh, oh

Let's talk about the past  
Reminisce on how we met  
Our time is moving fast  
And the future's ours with no regrets

So light one up and smoke the clouds away  
I don't want to feel the pain today  
People out there rushing in the streets  
I'll admit defeat  
So pour one in your cup and sink it down  
I don't wanna see a single frown  
Block out all the stupid jealousy  
I wish they'd let us be

So let's just hideaway  
Leave the world outside  
No, we don't have to face  
Our troubles tonight  
Oh, it's a losing game  
To get all caught up in the race  
Let them walk on by  
Oh, oh, oh, oh, oh
