

# Lightyears

Rag'n'Bone Man

Sitting on top of the world  
Trying to figure it out  
Trying everything new for the first time  
Testing your patience by running my mouth  
I thought I knew more than I do now

He said I, I was you yesterday  
Take your time don't give it all away

Start living life in the moment  
Your eyes are barely open then it's gone  
When you're playing life by the numbers  
Try run away the faster it comes  
It's not lightyears away  
It's not lightyears away  
It isn't lightyears away

You'll never be told  
No you'll never listen  
Until you've been walking in these shoes  
You're just growing older, but don't overthink it  
Wear your mistakes like an armour

He said I, I was there yesterday  
Take your time, don't give it all away

Start living life in the moment  
Your eyes are barely open then it's gone  
When you're playing life by the numbers  
Try run away the faster it comes  
It's not lightyears away  
It isn't lightyears away  
Yeah, it's not lightyears away  
It isn't lightyears away

Time don't wait for no one  
(You'll be older when the morning comes 'round)  
Time don't wait for no one  
(And you'll feel like it's a real long time)  
You'll feel like it's a real long time

Start living life in the moment  
Your eyes are barely open then it's gone  
When you're playing life by the numbers  
Try run away the faster it comes  
It's not lightyears away  
It's not lightyears away  
It isn't lightyears away

It's not lightyears away
