I fell in love did you get the message  
She got me double texting, she got me doing extra  
Feel like she a blessing, lay up and do the Netflix  
Nobody do it better, she got me under pressure

Before we meet did my research  
Ain't even still think I had a heart, cuz I fell in love with the streets fi  
rst  
Now she in my bed in my t-shirt  
Cookin' and cleanin' shawty the meanest, and imma eat it for dessert  
She put the chop in her purse too  
She told me you better hurt them, way before they try to hurt you  
Christian Dior on her perfume  
When I'm wit the gang she callin' my phone, like baby remember your curfew  
I got the baddest in the room  
Lick her I got her in the mood, tell all the maddies get in tune  
And I give her friends to the goons  
I put her legs to the moon, call her a movie she comin' soon

I fell in love did you get the message

At first, I didn't want them to find out  
I left my player's ways alone, went on the book and I signed out  
I'm so deep in that pussy could climb out  
Nine shots, stay on the court, but for her I'm takin' time out  
You know nobody can tell me nothin'  
I know that pussy get so wet, when I lick and kiss on her belly button  
It's real when I look in her eyes  
I put her lips to the sky, then imma kick her in the thigh  
I dare a bitch act up, my bitch a bitch slap her  
I bet she get packed up  
She love my vibe when I do the perk, she told them just cuz the music work  
Don't think he wasn't a shooter first
