

On A Mission

Rah Swish

Nine shots in the Ruger
(I been on a mission)
I step on the court they like watch the shooter
(I been on a mission)

Look, I been on a mission
Look, wit me it's different
Listen, I need all attention
Whips is foreign, kicks is foreign
Her pussy water drippin'
And my neck is frigid
Two-three three three Jorden, Pippen
I been ballin' wit 'em

Hop out if he twirlin' hit 'em
Why that nigga think he tough
He must be narcissistic
Not everybody could be gang, look
You need a heart to get in
Push to start the engine
I depart the feelings
Ain't no love in these streets
I be feelin' like D Wade
I fell in love with the heat
Get that pussy wet with words
Cuz she love when I speak
I do not talk back money my language
She on line "Rah Swish you famous"
I done been in situations
Thank the lord that I made it
I'm impatient and I'm waitin'
Once I see them up it aim it
White chalk 'em illustrate 'em
I got leed that erase 'em
I told Stretch to get 'em
So I know Stretch goin' stain 'em
Glock got a mop
.30 clean 'em up like maintenance

I been on a mission
Look, wit me it's different
Listen, I need all attention
Whips is foreign, kicks is foreign
Her pussy water drippin'
And my neck is frigid
Two-three three three Jorden, Pippen
I been ballin' wit 'em

I been on a mission
Look, wit me it's different
Listen, I need all attention
Whips is foreign, kicks is foreign
Her pussy water drippin'
And my neck is frigid
Two-three three three Jorden, Pippen
I been ballin' wit 'em

Dread Woo (Wooo)
Yea I'm down for the mission
Down for the liftin'
On the road I'm down for the trickin'
Free bro, got locked on a mission
Behind all this money yea it come wit scars
They didn't even expect me to get this far
Shoot for the moon, and we aim for the stars
Run up on [?] put it in park
Big body Benz go rrrrr when it start
Opps in the spot so you scream it dark
No blue sign get your wheelchair parked
Walk up gang don't shoot from far
I be wit the killers that kill all the killers
Up then it's stuck tell niggas get up wit us
New opp in the air shout out to the hittas
Straight and the apes' yea stone and gorillas

I been on a mission
Look, wit me it's different
Listen, I need all attention
Whips is foreign, kicks is foreign
Her pussy water drippin'
And my neck is frigid
Two-three three three Jorden, Pippen
I been ballin' wit 'em

I been on a mission
Look, wit me it's different
