

SPRINTER VAN

Rah Swish

I don't be coming around when it's problems
What's the situation?
Now that they ring like they sub baguette
Clap him in the Chevy who you bakin'
Got the best 'ooters and I really let him
Anybody they could be replaced
If I call their number then they gon' get him
Like we out 're playing still the bakin'

Why you talking
You ain't ever do it
Half these niggas never even shotted
Couple short niggas used to get a pass
But okay the shooters out of pocket
Remember what I heard half of what I seen
They can't fool me I am not believing
They be talking big shit
Let off big clips
But be bitching in the prison
They like swish and money
You got problems
I take the lil' issues make 'em larger
Walk out walk in
Ain't nobody leavin' till I file my charge

She gon use her head like she getting' smarter
Told the big Nicky to stray from the park
Cause if you see me wouldn't know that he gon' shot
I'm not savin' nigga from the set
Know couple opps that turned to fans
Send me y'all those in the sprinter van
Face shot changes then they bled
41 white n rose gold
Last nigga died without his pole
Then you sticking how we gettin' low
Stupid niggas prolly with the hoes
If they politicking come see how I am living
I be quick to check a nigga gangster
Why you acting timid I ain't with the bitching
If you got a problem nigga just say so
Imma not switch gang - milli made nigga
Imma go gorilla if you play dumb
Lil' bro keep asking me about the zaz
You tryna bow tryna make one

I don't be coming around when it's problems
What's the situation?
Now that they ring like they sub baguette
Clap him in the Chevy who you bakin'
Got the best 'ooters and I really let him
Anybody they could be replaced
If I call their number then they gon' get him
Like we out 're playing still the bakin'
