Tell me whatchu like
But baby, I need you to keep it discreet
They shouldn't know what we do in these sheets
You can't fuck with them if you fucking wit me
Got her on ice (woo)
You know her diamonds they come with 2 V's
My Mona Lisa, she something to see
She acting up then I fuck her to sleep

You know what I like
I be talking my shit but you know I can fight
New buss down no keys to my house
Fresh front too don't pull on my scalp
He be treating me right
I tell him he better talk to me nice
Or don't talk to me twice

My new McLaren pop smoke blue
I bought a chain for my whole crew
Thom Browne sweatsuits got those too
I keep a stick when I roll threw
Follow suit
High pursuit
Was on ya body when I saw you
I heard you was bad girl

Whats ya name (where you from) whats ya panty size
