

## Back 2 Love

Raheem DeVaughn

(All these sons callin' chicks out their names  
Yeah, we play some games, but baby, can you tell me)  
Can we take it back to love?

Can we take it back?  
All these sons are callin' chicks out their names  
Yeah, we like to have some fun playin' games  
All I wanna know, can we  
Can we take it back to love?

All these sons are callin' chicks out their names

I must admit (Talk to 'em), oh yeah, I knew some dancers (Knew some dancers)  
Used to tip them dancers (Tip 'em daily), but I still saw them as queens, ye  
ah  
Know what I mean? Yeah  
See, I got sons (He got sons), my homie, he got daughters (Yeah)  
Never disrespect 'em (No, no-no), that's not what they taught us  
Shout out to our mothers, look from where they brought us  
Speakin' for the fathers (Woah), speak from where your heart is, heart is

All these sons are callin' chicks out their names (Out their names)  
Yeah, we like to have some fun playin' games (Like every man)  
All I wanna know, can we  
Can we take it back to love? Can we?  
Can we take it back?  
All these sons are callin' chicks out their names

A rose from concrete on the block, yeah  
I call you my boo or my rock, yeah  
And yeah, I might watch when you walk, yeah  
And yeah, I might flirt when you talk, yeah  
Look, I'm never disrespectin' ya  
I see the green reflect in ya, girl  
So is me too down for me too  
'Cause when I look at you, I see my equal  
'Cause you're the light, you're the queen, you're the royalty  
In a world of hate and evil  
I'll keep you on a pedestal  
Remind you that you're beautiful  
And give you L-O-V-E  
And R-E-S-P-E-C-T

All these sons are callin' chicks out their names (They disrespect ya, baby)  
Yeah, we like to have some fun playin' games (No, no, no-no-no)  
All I wanna know, can we (Can we?)  
Can we take it back to love? Can we? (Can we? Can we? Can we?)  
Can we take it back?  
All these sons are callin' chicks out their names (Callin' you out ya name)

All these women 'round me, guess I can't complain  
It's enough to drive and honest man insane (True)  
Y'all fine, but some of y'all some healing time from abuse  
'Cause some of y'all done turned your backs to love  
Know when you need to come on (Back to love, yeah)  
And the next guy that charms you with their vision, don't let 'em change you  
r name  
Tell 'em put some respect on it, you're a queen

All these sons are callin' chicks out their names (Out their names)  
Yeah, we like to have some fun playin' games (Like every man)  
All I wanna know, can we
