

Deep Deep

Raheem DeV Vaughn

Deep

Deep

Come and lay your body
In my kingdom (Kingdom)
'Cause I been impatiently waiting
Had a hunger craving
For that honey sweet wonderland
Sweat drops, fore line, or laces
Ain't no time frame limit (Slowly)
Off the bed, against the wall, on the floor
When we fall
Girl I can't wait to feel your grip
When you appear
It be on when it's time

It's time to get deeper, deeper (Deeper), deeper (Deeper)
In the dark (Deep, deep in the dark)
Slow slow slow, we deep
All night off no sleep
Wet and between the sheets
Deep deep, deep deep, deep deep

Your face deep in my pillow
Your body all up on my throne
Your feet press against the wall
And once again it's on (It's on)
Tease it 'til I please it
Tremble when it's time (Tremble)
The flashbacks for tomorrow
When it's daydream time
I'd be damn if I don't love you like I should
Ooh Lord
Girl you got the good good good good
Your fingers pinch my pelvic bone
While I creep your way
Don't wanna come up for air
That's how good you taste

It's time to get deeper, deeper, deeper
(Well, it's time to get deeper)
In the dark (Deep, deep, in the dark)
(Deeper in the dark, deeper in the dark, we're in the dark)
Slow slow slow, we deep (Slow slow slow we deep)
All night off no sleep (All night)
Wet and between the sheets (So so, sweaty wet)
Deep deep, deep deep, deep deep
(You're, you're the energy, you know the vibe, you like it)
Deeper, deeper (Deeper, deeper), deeper
(All nights out it is time to get deeper)
In the dark (Deep, deep in the dark)
(Deep in your walls I dwell)
Slow slow slow, we deep
(Slow jam I'm rocking love)
All night off no sleep
Wet and between the sheets (Deep, deep)
Deep deep, deep deep, deep deep

(Deep, deep deep deep deep deep deep deep)

I'mma show your body gratitude
Play a slow jam and set the mood
You know the energy you know the vibe
I'll play the tune for next time
(I'll be waiting)
You know the energy you know the vibe
I'm waiting for the next time
(Til you can pull up on me)
Panty lace for easy access

It's time to get deeper, deeper (Deeper), deeper
(Oh my body, let me get deeper)
In the dark (Deep, deep in the dark)
(In the dark)
Slow slow slow, we deep (Slow jam on repeat)
All night off no sleep (Slippery wet)
Wet and between the sheets
Deep deep, deep deep, deep deep
(Oh ooh, conquer come feel me deeper)
Deeper deeper deeper
(Cause a night time is a right time for this love)
In the dark (Deep, deep in the dark)
(Deeper, wanna go deep in the night time baby)
Slow slow slow, we deep (wine stuff and slow jam on repeat)
All night off no sleep (Truth in our high sleep)
Wet and between the sheets (To get it wet)
Deep deep, deep deep, deep deep
(Hallelujah, once again it's time)
Deeper deeper deeper (To go deep)
In the dark (Deep, deep in the dark baby)
Slow slow slow, we deep
(I wanna feel all your love)
All night off no sleep
Wet and between the sheets

Love king
Love king forever
