

# Feather Rock Lovin'

Raheem DeVaughn

And the reflection of the moon  
(light as a feather, hard as a rock)  
Bounces off your, naked anatomy  
(after night fall)  
Damn  
(after night fall)

(Welcome to)  
A moment called anticipation  
That won't subside  
Till' I capsize  
Now get your garters down  
Let your body be free  
How long has it been  
Its been a long time comin'  
Such a long time comin' girl  
Sweet heart  
How long has it been  
Since your lips a part to kiss  
The gentle touch  
The rapid pace of passion  
Oh

If its loving you want  
I got the pleasure you need  
Light as a feather, hard as a rock  
Light as a feather, hard as a rock  
Seduction and instant gratification  
After night fall  
After night fall

I'm gonna' be all over your body  
Like lotion, like a shower, like bath and body works  
(Feel the) Feel the thrust of this wood while you grabbin' on my torso  
Bet you're sweet like a ball of cotton candy from the fair  
As wet as the Atlantic in your damp underwear  
Take them off  
Its time to break you off and get you off  
Sweetheart  
How long has it been since the wetness in your kiss  
Since the rapid heart beat of passion

If its loving you want  
I got the pleasure you need  
Light as a feather, hard as a rock  
Light as a feather, hard as a rock  
Seduction and instant gratification  
After night fall  
After night fall

No  
Don't deprive yourself of it  
Relax, releasing lovin'  
Promise, this is where you need to be honey  
Baby how long has it been since the wetness in our kiss  
Since the rapid heartbeat of passion

Gonna do you Light as a feather, hard as a rock  
Light as a feather, hard as a rock  
After night fall  
After night fall  
Light as a feather, hard as a rock  
Light as a feather, hard as a rock

After night fall  
After night fall  
Light as a feather, hard as a rock  
Light as a feather, hard as a rock...
