

Motions

Raheem DeV Vaughn

Are we sure? Do we know?
Are we sure? Do we know?
Where we going

If I kiss you tonight
If you'd stayed over
Until morning time
If I held you so tight now
Would it be all in vain?
If the morning felt the same?

Is there love at all?
Or are we going through the motion, going through the motion
Is it worth the fall, to fall for love
Is it even love at all?
Or are we going through the motion, going through the motion
Is it worth the fall?
Is falling for you worth the price of love?

Don't know where we're going
Don't know where, where we're going
Don't know where we're going
Where?

If I got close to you
If you let me lay your body down
If I touch your naked skin
If you woke up to me
Is tomorrow meant for us?
If for us to even see

Is there love at all?
Or are we going through the motion, going through the motion
Is it worth the fall, falling in love love love love love love love
Is it even love love love love love love at all?
Or are we going through the motion, just going through the motion
Is it worth the fall?
Is falling for you worth the price of love?

Is it worth the fall?
Is it even worth the risk?
For the quest to know what it is
You know like I know
When they say it's true
Only what's written in the stars
Is made for you, you

Is there love at all?
Or are we going through the motion, going through the motion
Is it worth the fall, falling in love love love love love love love
Is it even love love love love love love at all?
Or are we going through the motion, just going through the motion
Is it worth the fall?
Is falling for you worth the price of love?

Is it worth the fall?
Is it love at all?

Or are we going through the motion, just going through the motion
Is it worth the fall fall fall fall fall?
Falling in love love love, love love love love love love love love
Is it worth the fall?
Or are we going through the motion, just going through the motion
Is it worth the fall?
Is falling for you worth the price of-

Love
Through the motion
The in and around
The easy parts of this puzzle
Were the simplicity of this absolute profound
A fall like standing in a down pool of tears
Reminding me to breathe with my past fears
I don't know
I've been down this road before and still get lost
Will you remember me when I forget myself?
Celebrate when I win?
We would be different not like everyone else
It's worth the pain
