

# Mr. Midnight

Raheem DeV Vaughn

At 11:00PM I be rolling  
12:00AM I dove in  
Till 3:45 in morning  
Sex until 6:00 in the morning  
Round two like a remix, like a beach  
I put your legs in peace signs, make your body sweat  
Throw the booty back, send that "Big head" text  
And I can be your Mr. Midnight

When you get out the shower (When you need a midnight)  
In the midnight hour (When you need a midnight lover)  
After twelve when you're by yourself (When you need a midnight)  
When you're in need of sexual help (Oh, when you need a midnight lover)  
I'll pull up pronto (When you need a midnight)  
Just leave the door unlock, lady (Leave the door unlock, baby)  
Crack the Henny or another J  
Tonight I'm gonna hit till the last, babe, to the Marvin Gaye

(When you need a midnight)  
So, I'll be loving you  
(When you need a midnight lover)  
So, I'll be loving you  
(When you need a midnight)  
So, I'll be loving you  
(When you need a midnight lover)  
Just call me Mr. (Call me)

I'll be your midnight lover  
(Just call me, baby)  
Your Mr. Midnight lover, lover  
(Just call me, baby)  
I'll be your midnight lover  
(Just call me, baby)  
Your Mr. Midnight lover, lover  
(I'm gonna make you climb the wall)  
I'll be your midnight lover  
(That's who I be, baby)  
Your Mr. Midnight lover, lover  
(That's who I be)  
I'll be your midnight lover  
(Your Mr. Midnight)  
Your Mr. Midnight lover

When the music stops (When you need a midnight)  
We gon' keep on goin' (When you need a midnight lover)  
Like the levee when it breaks (When you need a midnight)  
Let it flood like a storm, baby (When you need a midnight lover)  
The moon is shining through the blinds, now (When you need a midnight)  
How 'bout I hit it from behind, now? (When you need a midnight lover)  
Or do you want it back downtown? (When you need a midnight)  
Wet up the sheets and put towel down (Oh, when you need a midnight lover)  
Halfway out my draws, baby (When you need a midnight)  
Till you're screaming loud, baby (When you need a midnight lover)  
When you need a sound off, baby (When you need a midnight)  
When you wanna blast off, baby (Let me be)

I'll be your midnight lover (Your midnight lover)

Your Mr. Midnight lover, lover  
(I'll be your)  
I'll be your midnight lover  
(Your, midnight, Mr. Midnight lover)  
Your Mr. Midnight lover, lover  
I'll be your midnight lover  
(Just call me, baby)  
Your Mr. Midnight lover, lover  
(Call me, baby)  
I'll be your midnight lover  
Your Mr. Midnight lover, lover

I'll be your midnight lover  
(I'll be)  
Your Mr. Midnight lover, lover  
(I'll be your Mr. Midnight lover man)  
I'll be your midnight lover  
Your Mr. Midnight lover, lover
