

# On Top

Raheem DeV Vaughn

Girl

Let me put the...

Let me put the cherry on the top just...

It's euphoric

Sweeter than chocolate, first top with the whipped cream, lady  
Indulging in the taste of you cherry until you scream, baby  
A rapid heart pace like a dose of caffeine, your sugar rush  
Dripping up my chin like a faucet, you squeeze me tighter than a knot until  
you've lost it

And when I scoop you up, ooh  
You be clutching your purse  
You be all up in my mouth, scrumptious  
Like my candy girl (candy girl)  
Well I don't need no bib for it (no, no)  
And every night I live for it (uh-huh)  
I be all in your bone till I make you scream  
Till I make you melt my black ice cream

I love it when your cherry's on top (on top)  
Ooh-ooh, I love it when  
Don't stop (don't stop no, no)  
Oh, I love it when your cherry's on top (top top top) (I love it)  
Don't stop, no (just give me more)  
Just give me more, give me more, give me more, and baby  
From the bed, climb the walls, to the floor, baby  
I love it when your cherry's on top (top top top) (give me)  
And don't stop, no (don't stop, no no)

Sweeter than a slice of warm apple pie, you are  
Warmer than a summer rain when I'm inside, baby  
Explosive like fireworks when we collide, baby  
It's like [?] melted deeper than I'm capsized  
(I don't drown, I don't drown, no)

And when I scoop you up (and when I scoop you up), ooh  
You be clutching your purse  
You be all up in my mouth, scrumptious  
Like my candy girl (my candy girl)  
Well I don't need no bib for it, oh no  
And every night I live for it (oh, yeah)  
I be all in your bone till I make you scream  
Till I make you melt my black ice cream

I love it when your cherry's on top (on top)  
Ooh-ooh, I love it when  
Don't stop (don't stop no, no)  
Oh, I love it when your cherry's on top (top top top) (no no)  
Don't stop, no, just give me more and more  
Just give me more, give me more, give me more, and baby  
From the bed, climb the walls, to the floor, baby  
I love it when your cherry's on top (top top top) (no, no)  
And don't stop, no (no, no, no, no, don't stop)  
I love it when your cherry's on top (I love it)  
Ooh-ooh, I love it when  
Don't stop (no)

Oh, I love it when your cherry's on top (please, don't, no, don't stop)  
Don't stop, no, just give me more and more  
Just give me more, give me more, give me more, and baby (give me more)  
From the bed, climb the walls, to the floor, baby  
I love it when your cherry's on top (ooh, I love it when)  
Don't stop, no (don't stop, no)  
I love it when your cherry's on top (don't stop, no no no no no) (top top to  
p)  
Don't stop, no, just give me more  
Just give me more, give me more, give me more, and babe  
From the bed, climb the walls, to the floor, baby  
I love it when your cherry's on top (top top top)
