

One Time

Raheem DeV Vaughn

The situation is
Do I have to even know you the one?
And after the first time you might want it a second time
After the one time, I'ma let Becky Cane explain

In a perfect world, you'd be mine (you'd be mine)
But I guess that's just not up for me to decide
So I deny my pride (deny my pride) and look at the brighter side
And realize (and realize) that living in this moment's worth the try (worth
the try), yeah
You know you ain't innocent (you know you ain't innocent)
See, I picked up the subtle hint
And the grass is greener past this field, don't you resist, now
Baby, this ain't no coincidence (coincidence)

We been skipping stages (oh yeah)
But we're on different pages
By exercise your patience
When this feeling is so contagious
Time is ever-changing (it's changing)
So I won't keep you waiting (I won't)
I'll be your safe haven
Let's find the matrix (one time)

One time, one time (one time)
I might not be your type
But this could be the best night of your life
One time, one time
There's no wrong or right
Just let me love you right, tonight
One time, one time (all night), yeah
I might not be your type
But let me love you right tonight

You said that you been in love twice
And right now you don't have a love life, no
I ain't saying I'm the right guy
But I can make you fall in love twice
Just let me start the party (start the party)
While I kiss on your body (kiss on your body)
See, I got that horsepower
So hop on and ride me
Let me give the business
Rock your body with this fitness
From the back, on the side, fall asleep
Wake you up, you're back on top, don't ride again
Something new, we knew, around the clock
Beggar drop, we can rock around the clock
And after round one's through
We can indulge in the round two

One time, one time (one time)
I might not be your type
But this could be the best night of your life
One time, one time (then one more again, oh)
There's no wrong or right
So tonight let me love you right

One time, one time (all night)
I might not be your type
But this gon' be the best sex of your life
One time

One time
If I hit it, if I hit it, baby, one time
