Red eye on the way home, babe  
And I'm wonderin' what you got on, babe  
Can't lie, I been cravin' you bad, I need me a taste  
You're so fine and I can just imagine the look on your face

(We been) We been out of touch and I'm tryna pull up on you, babe  
(Tryna pull up on you, baby)  
You been out of line and I'm tryna put you in your place (And I)  
I know you can tell that I want you (Want you)  
Ain't too many things that I won't do (Won't do)

Shawty, you should be patient, patient, all the way  
Girl, you know I been racin', racin' the inner-state

I enjoy my flight if you ask it  
I been thinkin' 'bout this night full of passion  
She fell right up in my arms when she see me  
Get up in that bedroom and we crashin'  
I got love, break it all down  
We involved now, it's all on you  
When you need me, I'ma be around  
Right there to hold you down (We been)
