

# Radio Raheem

Raheem DeVaughn

She can't live  
She can't live  
She can't live  
She can't live  
Without the radio  
She can't live  
She can't live  
She can't live  
She can't live  
Without the radio  
She can't live  
She can't live  
She can't live  
She can't live  
Without the radio  
She can't live  
She can't live  
She can't live  
She can't live  
Without the radio  
She can't live  
She can't live  
She can't live  
She can't live

First I try to climb her  
I wanna climb on top  
Number one like a bullet  
Bang bang bang bang  
I'll scratch your itches like a DJ  
I grab her ponytail when she throws that back  
And pull it  
I'll be all charged up like double D battery ...  
... make her yell  
Make her yell  
Make her scream

Saying every time she's undressed  
Feel her request when she says  
Don't touch them down  
Don't touch them down  
Don't touch them down  
In the morning she'll require storm  
R A H double E M  
She can't  
She can't live without the radio  
Oh no no no  
R A H double E M  
No she can't live without the radio  
R A H double E M  
She can't live without the radio  
R A H double E M  
No she can't live without the radio

My number on my iPhone's her  
Request line 2026098668  
We call that hip-hop  
When I speed it up  
In the slow jam  
When I slow her down  
When it's bedroom time  
You know we're right back at it

Wake her up in the morning like a morning ... show  
Wake her up in the morning like an alarm clock on the  
radio  
Wake her up in the morning like she ain't got no place  
to be  
She just wanna lay in bed with me  
Get a little more Dundee  
And I stretch her body out like ...

She say don't touch them down  
Don't touch them down  
Don't touch them down  
Don't touch them down  
We are laying there undressed  
And I'm feeling her request  
She say don't touch them down  
Don't touch them down  
Don't touch them down  
Don't touch them down  
Make sure I do  
Wanna make sure  
She can't live  
She can't live without the radio  
The radio  
R A H double E M  
She can't  
No she can't live without the radio  
R A H double E M  
She can't live without the radio  
R A H double E M  
No she can't live without the radio

Play like the birds outdoor  
I play like Di Angelo  
I look around her eyes and ask her  
How does it feel?  
Baby I'm ...  
Such that you're here  
She makes me holly  
... holy girl  
I'm bringing tea to her  
Fire on desire  
Smoking around the center  
What is going on?  
Tell me tell me tell me  
Your head on my pillow  
And she can't ever let me go

Cause she can't live without her radio  
R A H double E M  
She can't live without the radio  
R A H double E M  
No she can't live without the radio  
R A H double E M  
She can't live without the radio  
R A H double E M  
No she can't live without the radio  
R A H double E M  
She can't live without the radio  
R A H double E M  
No she can't live without the radio
