

# Revelations 2010

Raheem DeV Vaughn

(feat. Damian Marley)

It's live vs. death  
Ignorance vs. ego  
Book vs. a "? con?"'  
And our babies are too live  
There's a war going on outside  
No man is safe from the drugs being sold outside  
No man is safe from the guns going off outside  
No man is safe from  
Can I live? Yea  
Love vs. hate outside  
No man is safe from the courthouse with the judge  
No man is safe from the three strikes (you're out)  
No man is safe from  
Can I live?  
There's greed and conceit  
No man is safe from pride and jealousy  
No man is safe from mental slavery  
No man I safe from  
And I'm wondering  
Can I live?  
There's a war going on(? east vs. west?)  
You better arm yourself (internal and external)  
Got to arm ourselves  
They want to bury me  
Their out to bury me  
Their out to bury you  
All you can do is arm yourself  
Look to the sky  
Can I live?  
There are laws and diseases no man is safe from  
Trigger happy polices ({{?}})  
No man is safe from racism  
No man is safe from  
And I'm wondering  
Can I live?  
There's republicans no man is safe from  
democrats no man is safe from (chaa)  
government no man is safe from  
Can I live?  
There are murders no man is safe from  
Bloody murders no man is safe from  
There are even predators no man is safe from (no man)  
Let me live  
There's a war going on ({{? war \_\_\_\_ of wars?}})  
You betta arm yourself  
We got to arm ourselves ({{?}})  
They want to bury me  
Their out to bury me  
All you can do is arm yourself  
  
Educate your mind  
Arm yourself  
Look to the sky
