Slow Dance

Raheem DeVaughn

What's your favorite song of my love
Desire, desire, desire ,desire
Slip into something comfortable
See I can really slow dance
Like a margaret
I'm gonna put my arms around you girl
I'm a bad
I got something to show you
I'm a bad to rock your world girl
I'm a bad to make this room spin
Let's fast forward
To the point we both ain't here
But I can't wait to kiss all of the above
Can't wait to give you all of my slow love

[Chorus]
After me and you slow dance
I just wanna slow love ,slow love
After we slow dance
I want to make you feel lady like
For the first time when we make love
When we slow love
After we slow dance

Gonna push inside over time
Over top baby
Rock you from the night shift
To the day shift girl
After the slow dance
Gonna give your mission door
Bouncing off the window
The sound of your echo ,echo, echo
Pace myself like a distant runner
Pace myself married one
Pace myself like a tic tac tic
Pace myself when I give you that
Let's rewind to the point where me and you are slow dancing
I had your body and my grip
Whispering in your ear
We really should take a trip to my place

[Chorus]
After me and you slow dance
I just wanna slow love ,slow love
After we slow dance
I want to make you feel lady like
For the first time when we make love
When we slow love
After we slow dance

This is for the bedroom
This is for the bed, bed
This is for the bedroom
This is for the bed, bed
This is for the bedroom
This is for the bed, bed

This is for the bedroom
This is for the bed, bed

[Chorus]
After me and you slow dance
I just wanna slow love ,slow love
After we slow dance
I want to make you feel lady like
For the first time when we make love
When we slow love
After we slow dance
