

## Sun Proof Room (50 Shades)

Raheem DeVaughn

I just wanna put this love on you  
I just wanna put this love on you  
I just wanna put this love on you  
I just wanna put this love on you

All I need is your lips  
All I need is your kiss  
And the things that's on your mind yeah  
Tell me your wish list  
And I'm gonna need your hips in motion  
While I do some things that's thought provokin'  
As you feel the sweat trickling down your spine  
I'm gonna need your waist to grind  
Put those hips in these hands of mine  
I'm gonna need that (need that) 50 shades of grey  
I promise if you stay, while we lay  
I'll put it on you in that

Sun proof room, a king size bed, your legs spread, wide  
Baby if you let (let me) let (let me)  
Swear I'll put that on you (I'll put it on you yeah)  
Your body undressed, heart beating out your chest  
My umbrella, when I make it rain  
Woman if you let me, let me  
I swear I'll put that on you

Baby no no no no intermission  
Promise there'll be no need (no)  
I plan to supersede girl  
Raise the bar (raise the bar like number one)  
Like ain't no competition  
I wanna taste the wetness in your French kiss lady  
I wanna go like 50 shades of grey, sex crazy  
I wanna make you scream for it  
Tomorrow we'll daydream for it  
Attentively, gonna blow your mind  
All I need is time

Sun proof room, a king size bed, your legs spread, wide  
Baby if you let (let me) let (let me)

I swear I'll put that on you  
Put it on you yeah

I'm gonna let you cum  
I wanna make you scream  
And show gratitude to your body cause I'm proud that you're on my team  
Making love from the door, to the bed, to the floor  
I'ma be on you, to put it on you
