Sweet Symphony

Raheem DeVaughn

Like the violin
The viola
Cello in the heart
Reminds me a symphony

When I been loving your body like
Like the world is ending
When I kiss on your tummy and on your navel
Like the world is ending
You make (You make) Me feel (Me Feel) So alive (So Alive)
And I'm not gonna be indifferent
Like words in melody everytime we collide

And every time you're screaming
It sounds like the heaven are singing
A score to a screenplay
The soundtrack to the picture of love

Like the sweetest melody
This love is harmonious
You are my, you are my, you are my
Sweet sweet symphony
So glorious, so marvelous
Darling you're the
Like the sweetest melody
(You're mine)
You are my, you are my, you are my
Sweet sweet symphony
Like la la la la la, like la la la la la, like la la la la la

It's like you're saying with your hips
And strumming with your lips
To my body babe
(Hope the world ain't ending)
First comes a melody
Followed by harmony
Let your body play a song
Play a song, play a song
Orchestrated all night long
With this body baby
(No intermission)
'Til the world come to an ending
I'll be yours till there's ending
(Like the world's ending)

(Every time) Every time you're screaming
It sounds like heaven singing
The score to a screenplay
The soundtrack to the picture of love

Like the sweetest melody
This love is harmonious
You are my, you are my, you are my
(Sweet sweet) Sweet sweet symphony
So glorious, so marvelous
This love is just so hot
Like the sweetest melody

(This love is harmonious)
You are my, you are my (beautiful), you are my (beautiful)
Sweet sweet symphony
Like la la la la la (Harmonious), like la la la la la (Piece of love), like la la la la la (You)

Let me instruct you
And be your conductor
Demonstrate and stimulate
Overflowed just like a leak
God's tremble like a quake
Love tonight's is love is bliss
The climax the rapture
My angel my sweet love melody

Like the sweetest melody
(My Sweet symphony)
You are my, you are my, you are my
(You're my, you're my, you're my, you're my)
Sweet sweet symphony
So glorious, so marvelous
(Oh just like yes)
Like the sweetest melody
(Like la la la la la, la la la la la, la)
You are my, you are my, you are my
Sweet sweet symphony
Like la la la la la, like la la la la la, like la la la la la
(Like violin and cello, every time you scream
It's like your body singing like a symphony baby)

Like the sweetest melody
(Oh baby)
You are my, you are my, you are my
(You're my, you're my, you're my)
Sweet sweet symphony
(Sweet symphony, beautiful like)
(Your body sings to me like)
Like the sweetest melody
(Like la la la la la, la la la la la, la)
You are my, you are my, you are my
Sweet sweet symphony
Like la la la la la, like la la la la la, like la la la la la

I hear them, feel them playing
Every violin, cello
Every single chord laid
Travelling to the pyramids in my hose
These chills in three parts
Arms, neck and legs
Waved, and grabbed and locked
We ascend to outer limits
You sing, I scream and we climax
