

Twilight

Raheem DeV Vaughn

The sun lays down
And the room fades to black
I be swimming in your sweat
When we're naked in the twilight
You're a dream come true
I'm a knight you don't forget
When I get to going in when
When we, when we're naked in the twilight

You make me feel
Something tantric, something fantastic
Wild and orgasmic
When I'm roaming in your [?] (babe)
You lay it down
And when I'm in your room I don't wanna stop
You come up wild

The sun lays down
And the room fades to black
I be swimming in your sweat
When we're naked in the twilight
You're a dream come true
I'm a knight you don't forget
When I get to going in when
When we, when we're naked in the twilight

When you arch your ass
I be squeezing it, I be pummel it
Like I got in term from the baseline
I'm weak and I need
But my ego is to big to stop
When I'm coming baby
First, I see stars
And then it feels like
The clouds of heaven open up for me
And you love me low, down below
It's better to be with your love
And the room starts to spin spin
In our bodies, pour sweat
Like we're both in a sauna
Wanna break my body like a credo
The way we make love 'til the sun comes creeping in
Like no sleep until sunrise
And you got me capsized and summoned
And you

The sun lays down
And the room fades to black
I be swimming in your sweat
(I be swimming in your deep end meaning)
When we're naked in the twilight (Oh wee)
You're a dream come true (In the twilight)
I'm a knight you don't forget
When I get to going in (I be going in, going in)
When we, when we're naked in the twilight

The sun lays down (Woh oh)

And the room fades to black
(When we're naked in the twilight)
I be swimming in your sweat
When we're naked in the twilight
You're a dream come true
(Oh, you're a dream, you're a dream, you're a dream)
I'm a knight you don't forget
When I get to going in
(You give your all when I go in)
When we, when we're naked in the twilight

The sun lays down (We fall, we last)
And the room fades to black
(We be lost in the twilight)
I be swimming in your sweat (We sweat, we kiss)
When we're naked in the twilight
You're a dream come true
(You're my queen, love queen)
I'm a knight you don't forget
When I get to going in
(I'm your love king, love king in the twilight)
When we, when we're naked in the twilight

The sun lays down
And the moon fades to black
I be swimming in your sweat
When we're naked in the twilight
You're a dream come true
I'm a knight you don't forget
When I get to going in
When we're naked in the twilight
