Raheem DeV Vaughn

Up for air...love king.... love king forever

A....

A... if I ask if you would sit that ass up on me

B...could you be my wonderful, my tenderoni

C...i just wanna climb inside you and crush you

D... let the deep diver go deep, yeah

E... My eeerotic ecstasy

F... u-c-k-i-n-g

When I lick that honeycomb, you be goin ham

Flowing like Niagara Falls when I break yo dam

Alrighty

When I'm kissing and stroking

When your sesame's open

When I'm down on your love

I won't come up for air

Til you're screaming Jesus name in vain

Keep it there for me

L-O-V-I-N-G

Mercy, no oooh ohhhh

Now say that poonani belong to me

I'm gon treat you like my Q-U-double E-N

And I'm gon stay on ready til your body say when

Sex you up til you tick tick tick boom

Til you up up up on top

Til Victoria is showing me all of your Secrets

When you're hollering and screaming

Arch your back and then I lean in

When I'm down on your love

I won't come up for air

Baby

Til we're leaning off the bed

You break your nails and hit your head on the headboard

When I'm down yonder on your love

I won't come up for air

Til you feel me up your dress, feel me down your spine

Til you say its TKO, til its tapout time

I wont baby, no..no...

I wont come up for air

W is for all the work that I'm gon put in

X is for x-rated, so nasty when you take it

Y is for the way that you never tell me no

And Z is for the way you love me like an animal

Like lions and tigers and bears

We be at it like

We be mating like the birds and bees

We be at it like

Suffocating in your love

And I don't come up for air
