

# Waiting For Your Love

Raheem DeVaughn

Baby, are you hungry?  
Have you eaten yet?  
Can I start the shower for you?  
I will if you text me  
When you turn down my block (Oh-oh, oh-oh)  
I'll be sure to leave the latch unlocked (Oh-oh, oh-oh)

Go 'head and make yourself comfortable  
I already rolled you one  
'Cause you been runnin' through my mind, on replay, on rewind  
Since the last time  
Last time I felt your kiss (Your kiss)  
Last time I felt your touch (Your touch)  
Last time you gave your all  
That's why I had to call  
Call you up sayin', baby

Got my T-shirt and panties on (The blue's your fave)  
The eyes lit, some slow jams playin'  
So get here, my body's warm (You know)  
When I'm waitin' for your love (Waitin' for you)  
Waitin' for your love

Tonight, I need stamina  
My devotion  
Like goosebumps, like lotion  
I wanna feel you all over my skin  
Whisper manish in my ear  
Take your hand and hold my hair  
If you with me, it's yours, baby  
I'll tell you it's yours, baby

Ooh, caught up  
You got me caught up  
Like when you comin' back?  
Can I fly to where you are?  
Just wanna be where you at  
I'ma come for you, baby  
[?] down  
'Til downtown's your playground  
They say you can't rush perfection  
So we gon' need some more protection

When I got my T-shirt and panties on, baby  
The eyes lit, some slow jams playin'  
So get here, my body's warm (When I)  
When I'm waitin' for your love (When I'm, when I'm waitin')  
Waitin' for your love (Waitin', waitin', waitin' for you now)  
Got my T-shirt and panties on (The eyes lit)  
The eyes lit, some slow jams playin'  
So get here, my body's warm (When I'm)  
When I'm (When I'm) waitin' for your love  
Waitin' for your love  
(Your love, your love, your love)  
Got my T-shirt and panties on (Ooh)  
The eyes lit, some slow jams playin'  
So get here, my body's warm (My body's)

When I'm waitin' for your love (My body's waitin', my body's waitin')  
Waitin' for your love (For your love)  
(Hey, baby, you can hold me, let me feel you)  
Got my T-shirt and panties on (Oh)  
The eyes lit, some slow jams playin'  
So get here, my body's warm (I've been waitin', I've been waitin', I've been  
waitin', I've been waitin' for)  
When I'm waitin' for your love (Your love, your love, your love, your love)  
Waitin' for your love (Love)  
(Break my body down, baby)
