

Wet Again

Raheem DeV Vaughn

It's time, it's time
It's time, it's time
It's time, it's time, oh

It's time to get wet, wet again (Wet again)
Wet, it's time to get wet, wet again (Wet again)
Oh, it's time to get wet, wet again (Wet again)
Hey, it's time to get wet, wet again (Wet again)

I want to swim in your river
I want to play in your head
Come get those pleasures delivered, mmm
Come out your underwear
God almighty, baby

When we're naked and we're starin' at the stars
After we just made love
After you just gave me your universe
After you curl your toes and arch your back 'til you black out
'Til you super-soak me (Super-soak)
'Til you super-soak me

It's time to get wet, wet again (Wet again)
Yeah, it's time to get wet, wet again (Wet again)
Oh, girl, it's time to get wet, wet again (Wet again)
Hey, hey, baby, it's time to get wet, wet again (Wet again)

Scream if you must from the pleasure
Sure, we both have to [?] outside
See, this type of love can't be measured, no
So, baby, come 'til you laugh, then cry
Honestly

When we're naked and we're starin' at the stars
After we just made love
After you just gave me your universe
After you curl your toes and arch your back 'til you black out
'Til you super-soak me (Super-soak)
'Til you super-soak me

It's time to get wet, wet again (Wet again)
Yeah, it's time to get wet, wet again (Wet again)
Oh, it's time to get wet, wet again (Wet again)
It's time to get wet, wet again (Wet again)

When we're naked and we're starin' at the stars
After you curl your toes and arch your back 'til you black out
