

# When Its Real

Raheem DeV Vaughn

So at last I got you  
It's your heart I'll follow with me, go  
No I ain't perfect  
You never change for nothing, you still strong  
Momma always say how  
"What we truly feel we can't hide for long"  
So let it show, let it show, oh, oh, oh

When it's real  
(When it's real)  
When it's this real  
(When it's real)  
Oh, you can feel it deeper  
(So hold me close and don't you let me go)  
Oh yeah yeah  
(This is real, you should know)

When it's real  
(When it's real)  
When it's this real  
(When it's real)  
Oh, you can feel it deeper  
(So I'll hold you close, never let you go)  
Oh yeah  
(Oh this is real, I know)  
Mmh, when it's real

Some never find love like this  
Or maybe they did and just lost it all  
Took it for granted  
Holding back just wasn't worth at all  
I know heaven sent you  
You gotta be an angel from up above  
Here to love, sent to love

'Cause when it's real, yeah yeah  
(When it's real)  
When it's this real  
(When it's real)  
Oh, you can feel it deeper  
(So hold me close and don't you let me go)  
Oh yeah yeah  
(This is real, you should know)

When it's real  
(When it's real)  
When it's this real  
(When it's real)  
Oh, you can feel it deeper  
(So I'll hold you close, never let you go)  
Oh yeah  
(Oh this is real, I know)

See when it's yours  
See when it's true  
To belong  
To the one who loves you

To follow the heart wherever it leads  
With faith and belief  
That it's the one that you need  
The kind of love you don't walk away from  
Baby when you've come so far  
When you know

'Cause when it's real, real real real, real real love  
(When it's real)  
When it's this real, oh  
(When it's real)  
Oh, you can feel it deeper  
(So hold me close and don't you let me go)  
So hold me close and feel me deeper  
(This is real, you should know) Real real love

When it's real, yeah  
(When it's real)  
When it's real, real, real love  
(When it's real)  
Oh, you can feel it deeper  
(So I'll hold you close, never let you go)  
So hold me close  
(Oh this is real, I know)

This is real love, I know  
I know baby  
This is real love, yeah  
Real love, love, love, love
