

# ground zero

Rahmania Astrini

I really don't know where to begin  
I'm starting all over again  
Don't know what's right or wrong for me  
Ground zero again

I moved miles away from home  
Not knowing where I'll belong  
The only one I have is me

I said I'll take the risk  
Whatever it takes  
I'll bump my fist  
Cause this time I know  
I-I-I need it

But I don't know where to begin  
I'm starting all over again  
Don't know what's right or wrong for me  
I'm on ground zero again

Little by little I stopped to belittle myself  
Over compensate I over react again I  
The air is different here  
No longer have no fears  
I couldn't differ ego  
Now I believe I do oh  
Days are longer  
Nights are shorter  
I grew wiser  
Imma brag it louder  
Guess being on ground zero again is my way to live again

But I don't know where to begin  
I'm starting all over again  
Don't know what's right or wrong for me  
I'm on ground zero again
