

## Any Other Love

Rahsaan Patterson

Your the pill for my headache  
Caused by the stress of heartbreak  
Erasing all of my shame, you shine on me just like a  
star.

When I am down in disgrace  
You pick me up right away  
Making life easy to take, your lovin' is better by far

Chorus

Any other love, Any love  
(Any other love)  
Any other love, Any love  
(Love is so perfect and right)  
Any other love, Any love  
(Any other love)  
Creeps in my dreams  
(That creeps into my dreams, late at night)  
(yeah... mmm.. oh)

Because of you (?sugar babe?)  
I wear a smile on my face  
Rid of my insecure phase  
I'm stronger right here were you are.

(Chorus) 2X

I wont stop fellin the way I do  
I'm forever in love with you. I won't stop,  
I can't stop (OOO. Baby) So let's stay together  
Cause your love is the only thing that's true.

(Chorus) 3X
