

# Can't We Wait a Minute

Rahsaan Patterson

Can't we wait a minute  
'Cause baby for the first time I feel like I'm in love  
Can't we wait a minute  
'Cause baby for the first time I feel like I'm in love

You, got me feeling things...that  
I never knew I could feel...and  
You know how to please me  
You give me everything that I've ever dreamed...of  
So keep on loving me  
And my heart will be there with you

Can't we wait a minute  
'Cause baby for the first time I feel like I'm in love  
Can't we wait a minute  
'Cause baby for the first time I feel like I'm in love

Your eyes, just like a sunny day  
They take away all my pain  
I need you here with me  
Today and forever, know there's nothing better  
So keep on lovin' me  
And my love will be there with you...so

Can't we wait a minute  
'Cause baby for the first time I feel like I'm in love  
Can't we wait a minute  
'Cause baby for the first time I feel like I'm in love

I need you  
Holdin' me tight keeping me warm  
I love you baby yes I do  
Just promise that you'll always care for me
