

# Cloud 9

Rahsaan Patterson

I feel like  
Dancing on clouds and getting high  
With the cool breeze on my scalp blowing back times  
That found me down  
Come hither my child  
Let's work it out  
Right here and right now  
I'm needing to be found  
Show me your style  
What's it all about

Boomshakalaka, Boomshakalaka...

Never baptized  
Yes, that would be I staring in your eyes  
Ready to take flight  
No it's no try  
Let's make it right  
Before the clock strikes bringing the sunshine

Don't wanna hear no bad news  
Don't wanna feel no damn blues

Let's get skin tight  
All limbs intertwined  
Feeling the good vibes  
Loving a long time  
All through the night  
With no questions why  
Sill blowed in my mind  
Your riddle my rhyme

Boomshakalaka, Boomshakalaka...

Soaring on a cloud 9  
Feeling everything's fine  
Soaring on a cloud 9  
Feeling everything's fine

Get it up now  
There ain't gonna be no downtime  
So baby get it up now  
There ain't gonna be no downtime  
So baby get it up  
So baby get it up  
So baby get it up

Boomshakalaka, Boomshakalaka...

Soaring on a cloud 9  
Feeling everything's fine  
Soaring on a cloud 9  
Feeling everything's fine

Get it up now  
There ain't gonna be no downtime  
So baby get it up now

There ain't gonna be no downtime  
So baby get it up  
So baby get it up  
So baby get it up

Boomshakalaka, Boomshakalaka...
