

The Day

Rahsaan Patterson

I've been bad... .
I've been good
I've done things I'd never thought I do
I've been hurt
I've been torn
been on my knees begging for more

But what I know is that I've
Never been the kinda man without some kind of plan
Cause I believe that in due time
Our souls will be in touch
And our hearts will open up

I'm living for the day when everybody lives for love
Here waiting on the day when everyone just frees up
I'm living for the day when everybody can give love
Leaving behind the days when we didn't care enough

I've been weak... .
I've been bold... .
Heard someone say, I didn't fit the mold
I've been lost
I've been found
been through hell but now I'm heaven bound

But all I know is that I've
Got the strength to carry on, though the road ahead is
long
Cause I believe that in due time
Our souls will be in touch
And our hearts will open up

[Chorus]

I'm waiting for you
I've been waiting for you
Let your love come through
I'm waiting for you
what you gonna do
