

# Yeah Yeah Yeah

Rahsaan Patterson

Yeah... lovely, lovely, ooh ooooo du dud

A bitter night  
A starry pill  
I'm gone end up loving the way I feel

The sun is shining  
Stick me up here  
One touch leads to much you know the deal

The purple kind  
A heated chill  
I'm gone end up bringing the morning in

On a high  
Standing still  
No use coming down with time to kill

I feel it all over me - yeah yeah yeah  
Yeah yeah yeah yeah yeah yeah yeah  
I feel it all lovely - yeah yeah yeah  
Yeah yeah yeah yeah yeah yeah yeah yeah

The mood is right  
And we can build  
I'm gone end up bringing the mood to tears

Up and fly  
A spirit thrill  
If the Holy Ghost don't save ya, I know love will

Yeah, yeah, yeah, eeeeeee, heeee heeee heeee, heeeeeee
