

# Find My Own Way

Raign

I feel like something's coming on  
Look at me now  
I wanna go where I belong  
Head in the clouds

Cause you know that I'll be okay  
You know I will find my own way  
Cause you know that I'll be okay  
You know I will find my own way

Look up and I can see the dawn  
It's all around  
The winds of change are blowing on  
The time is now

Cause you know that I'll be okay  
You know I will find my own way  
Cause you know that I'll be okay  
You know I will find my own way

And I'll be okay

Cause you know that I'll be okay  
You know I will find my own way  
Cause you know that I'll be okay  
You know I will find my own way
