

# This Is the End

Raign

Stolen promises beneath the temper lies  
The fire burns the tears I cry  
Frozen moments from between the seven lines  
I know this is to be the right

Is this the dark before the light?

Oh, I hear your voice  
But now you're gone  
This is the end

Oh, I'm not lettin' go  
Of holding on  
This is the end

My lungs are breathing  
But I'm drowning in your air  
But you're forgiven  
Don't forget  
The time is come from me  
To walk away from a feat  
Now I'm gonna leave again

So close my eyes  
Walk inside  
Why the secrets love my mind?  
I'm still alive  
Leave the darkest to the night

Oh, I hear your voice  
But now you're gone  
This is the end

So now you're moving on  
The past is still undone  
The future comes  
You're running hard

Oh, I'm not lettin' go  
Of holding on  
This is the end
