

## If You Will Be My Lady

Railroad Earth

If you will be my lady, I will love you  
I will hold you when you're weary and alone  
If you can't make it, I will stand beside you  
If you think that you're lost, I'll be your home

If you will be my lady, I will love you  
I'll believe in you and trust in you always  
I'll try to ease the pain in all your sorrows  
And be the sunshine on your cloudy days

If you will be my lady  
And I'll share with you my joy in each new morning  
Teach you how I've come to love the night  
How hard it is for me when I'm not with you  
And still somehow how sweet it is to be alive

If you will be my lady, I will love you

I will laugh with you and cry and dance and sing  
If you will be my lady  
If you will be my lady, I will love you  
And my body like a flame to yours will be  
To burn you and to light a fire within you  
With the deepest sweetest pleasure there can be

If you will be my lady, I will love you  
For as long as you will let me and I know  
And when it comes to pass and our time is over  
Then early some soft morning I will go

If you will be my lady, I will love you  
If you will be my lady, I will love you  
If you will be my lady, I will love you  
If you will be my lady, I will love you
