I say dear mama don't cry
I say dear mama don't cry

Dear mama don't cry
I love you mama

I say dear mama don't cry...

Open your eyes
Your breath, your eyes
Have raised me
Where are you sleeping?
Tell me
Your son who misses you
Is right here
My mama, mama

I say dear mama don't cry

I say dear mama don't cry
I say dear mama don't cry
I say dear mama don't cry

You always cried because of me, laughed because of me
You worked because of me, hurt because of me
Because of me, because of me, everything because of me

I miss you
Everything about you
I went to the place you lay and set up a meal
But you can't eat it
So I just say my hellos and come back
Without even hugging you

You always lived for me
Gave delicious food to me first
The warm floor was always for me
Without even knowing your pain
Mama don't cry, mama don't cry

My mother, please don't cry now
I did it
I fulfilled what you wanted for me

I say dear mama don't cry
I say dear mama don't cry
I say dear mama don't cry
I say dear mama don't cry

I say dear mama don't cry
I say dear mama don't cry
I say dear mama don't cry
I say dear mama don't cry
I say dear mama don't cry
Dear mama don't cry
I say dear mama don't cry
I say dear mama don't cry

Dear mama don't cry
I love you mama
