Stuck on you like magnetic yeah
Our eyes are starting to align
Feeling nervous as our hearts become aligned
Waiting your love yeah we get it
Stuck on you like magnetic yeah

I lose control when I hear those words
Push shove you pull me to you woo yeah
You still shine though the sunsets
Like the gemini in the dark summer nights
Switch it up take it away
With you I fall deeper into the night
Let's go on a ride

Baby you can be magnetic
My heart can't deny it
Even though I try to resist I'm
Stuck on you like magnetic yeah

Feeling nervous as our hearts become aligned

I don't think we should deny it
Tonight you're looking so beautiful
