Why don't we, why don't we
Why don't we, we we we we we
Why don't we, why don't we, why don't we

When it repeats, repeats, got me traumatized
Then I think about you in my mind
Oh baby every time I think of you
I feel secure, it's so good
Oh baby baby, oh yeah yeah
I don't want anything, baby imma boss
I don't wanna waste time no more
I just wanna fly away
With you right now
You ain't gotta worry bout
Don't worry too much, baby

I'll protect us, settle down
It's forever now, just lay it down
Even if it's for a moment, for a moment

Why don't we, why don't we
Why don't we, we we we we we
Why don't we, why don't we, why don't we

Sometimes, when I'm not in the right state of mind
After I forget it all and throw it all away
I wanna be with you from the heart-pounding day till the dark night
Each day is like a day you've told me about

I'll protect us, settle down
It's forever now, just lay it down
Even if it's for a moment, for a moment

Why don't we, why don't we
Why don't we, we we we we we
Why don't we, why don't we, why don't we

I wanna go somewhere
I told you I'd protect you
Whether asleep or awake

Everything is excuse for today

Why don't we, why don't we

Why don't we, we we we we we

Why don't we, why don't we, why don't we
