

100 Summers

Rainbow Kitten Surprise

Never say you're sorry, we were playing some Atari
It's an old game, honey, from the 70s like London Werewolves
And it's getting kinda spooky like the shit you see in movies
And I'm wearing my pin like I'm wearing my pain 'cause you gave it to me too
Like I'm wearing my game face, players gonna move
Like the way that I hate, yeah, the way that I look
And the way that you looked when you said you felt it too
When you said you felt it too, babe
You said you felt it too
What are we gonna do?

I can't back down and I can't back up
Yeah, you said that you loved me
You said that you love, love
The fuck and
Once upon a motherfucking time I want you
I wanted you, I wanted you
A hundred summers died calling for you
Never mind, never mind
I guess we're through
What gets you through the night now?

I wear this band that you bought me, oh
I'm in a band that's just poppin' off
Yeah, we just played
Yeah, we just played a show and
I got my name and I tatt you on
It's a fuckin' miracle
I didn't crumple and die but I did inside though

I'm just waking up
And I miss you

But I can't back down but I can't back up
Yeah, you said that you loved me
You said that you love, love
Once upon a motherfucking time I want you
I wanted you, I wanted you
A hundred summers died calling for you
Never mind, never mind
I guess we're through
What gets you through the night?

And I can't stand up and I can't fall over again
And it's midnight and you pick me up
And you parade me to all of your friends
And it's just my luck and it's just bad love
And an angel's touching my hand
And we're dancing, yeah
We're dancing, yeah, till the clock strikes

And once upon a motherfucking time I want you
Once upon a motherfucking, motherfucking
Once upon a motherfucking time I want you
I wanted you, I wanted you
