

Friendly Fire

Rainbow Kitten Surprise

Looking at you for the first time
Was like seeing first light at the end of the tunnel
Burning all my bridges for FaceTime
Was lucky it hurt, or I would never know when to run for cover

Coming up for air after a long time
It breathes, it breathes, it breathes, it breathes
Wish I knew you the way you know me, and

Time tells all, tell all
Read all about it, feel all you doubt it
Oh man, I got it handed by you
Oh man, I

Baby blue, tell me, does it come in pink?
Doesn't even matter a thing
Doesn't even matter
Where'd you go now, where'd you go now?
Where are you coming from

'Cause I'm swinging for the fences, dammit, Daddy
You made out like you planned it, bandit baby
Trying to keep it friendly, dammit, Daddy
You shot me down
Friendly fire, and I hit the ground running

I could paint you a million pictures, but
You would look at not a single one
And I'd paint you with probably issues, but
Look at what you've done, oh
It's okay, it's okay, it's not great, it's too late, but hey
Your fate, my fate, we both locked in every single shroud of gray

Time tells all, tell all
Read all about it, feel all you doubt it
Oh man, I got it handed by you
Oh man, I

Baby blue, tell me, does it come in pink?
Doesn't even matter a thing
Doesn't even matter
Where'd you go now, where'd you go now?
Where are you coming from

'Cause I'm swinging for the fences, dammit, Daddy
You made out like you planned it, bandit baby
Trying to keep it friendly, dammit, Daddy
You shot me down
Friendly fire, and I hit the ground

Time tells all, tell all
Time tells all, tell all

Time tells all, tell all
Read all about it, feel all you doubt it
Oh man, I got it handed by you
Friendly fire, and I hit the ground running
