

Hell Nah

Rainbow Kitten Surprise

Too cold in the night, so I brought all my hate
Sunrise any time hit that bottle lightly
Sometimes with kind of people just, hell nah

One life, one light and I brought all my best
One son and you're tired and you gotta let it rest
And you call and you call
And you call in the morning

I say it all the time
But I got an old machine
Keeps me running lines
Of code and everything

Angel on one, Devil pick up
Devil say somethin', dare you, say somethin'
Dare you, say some, dare you, say some
Dang, you hang up

Beeping, bleeding
Thought you said you need me
I just can't believe it, bow on
Fight or flight or freezing
Goddamn said you'd bleed for me
Bleed for me
Baby, nah way

I'm a ghost, I'm a ghost, need a medium
Yeah, just to talk back talk where you're from
I've been in this act, yeah, way too long
I've been in this act 3, baby
Just to talk where you've been
I've been in this world, I know bout sin
I bit it off, facts, and I get it right now
And I get it back then how

Say who's your daddy, baby?
It ain't me, darling
Call your daddy, baby
It ain't free, nah

Angel on one, Devil pick up
Devil say somethin', dare you, say somethin'
Dare you, say some, dare you, say some
Dang, you hang up

Beeping, bleeding
Thought you said you need me
I just can't believe it, bow on
Fight or flight or freezing
Goddamn said you'd bleed for me
Bleed for me
Baby, nah way

Carriage or a casket, baby
We might just be after our time
Carriage or a casket, baby

We might just be out of time

Beeping, bleeding
Thought you said you need me
I just can't believe it, bow on
Fight or flight or freezing
Goddamn said you'd bleed for me
Bleed for me
Baby, nah way
