### Rainbow Kitten Surprise

I'm not satisfied  
With that look up in your eyes  
With that face you make when I come down around here lately  
Baby I just wanna ride  
With the cool kids, kickin' it, watching all the other six  
Fools on the interstate  
Sugar-shakin', making it, lit like Christmas trees

Light it up, let it glow, let it pull, let it blow  
Up and dry  
You're up and dry  
A hundred suns, hundred notes, easy come, easy go  
Up and dry  
You're up and dry

Don't you ever feel like you ever wanted anything more  
Than everybody, anybody else  
Seventeen and bad, was the best you never had and you won't, sins you never  
said for yourself  
Seven, six, five, four, three, two, one  
Everybody got a name  
Everybody got a number  
Seven sins in six frames  
Five for the two of us  
Three is too much when there's only one love

Here he come, let him know, leave him hung, let him go  
Up to dry  
You're up to dry  
Light it up, let it glow, let it pull, let it blow  
Up and dry  
You're up and dry

I don't believe that anybody's god ever felt this way  
Cause if they had, they never would've made me  
They'd say "Hell no!  
Wake me up at ten, tomorrow, for my sake, keep the volume down please  
Doesn't everybody try to do their best at what they do best and do less of t  
he bad to begin with?  
Doesn't leaving me mean a little less if you left my life  
But never loved to begin with?  
You never loved to begin with  
You never loved me  
You never loved to begin with  
You never loved me

Don't you ever feel like you ever wanted anything more, than everybody, anyb  
ody else  
Seventeen and bad, was the best you never had  
And you won't, sins you never said for yourself  
Seven, six, five, four, three, two, one  
Everybody got a name  
Everybody got a number  
Seven sins in six frames  
Five for the two of us  
Three is too much when there's only one love

Here he come, let him know, leave him hung, let him go  
Up to dry  
You're up to dry  
Light it up, let it glow, let it pull, let it blow  
Up and dry  
You're up and dry

For the six months you gave  
The seventh month you keep  
You stay  
For six days and the seventh day you'll leave  
And every day you're here  
I count until you're gone  
Seven, six, five, four, three, two, one
