

Kastor Bossa

Raining Pleasure

And though I think
I could use a friend
I say you can
No longer use me
And every tear
that runs on my face
washes away
A piece of your memory
But, dum da dedum da dedum dum
If you should go
I'd be the lone, be the loneliest man in the world
Dum da de dum da de dum dum
So stay away
Be with me that way
Every hour
with everyone
You can satisfy your past
Or create your future
The choice was yours
As much as mine
We didn't deserve
The love we were given
But, dum
Je t'aime toujours, et encore
j'ai toujours besoin de toi, et encore
Mais je ne suis pas certaine
Que je te veux encore toi
But, dum
You're the one

The only one
I ever thought
Might be the one
So here's your song
Sad as it sounds
love knows no bound
that's life I guess
