

I've got to say that love is cruel
And no one is there when you need them
But in the days when I was a fool
I had to be with you

The days are gone and I am here
Without you and I need to tell you
No one has ever been
Most precious to me

It's been a long time
Since I realized my life
Was in your hands
And now it seems it's just
A matter of time
(it's been too long, why sing this song)
You think you've been a
Simple-minded person
In this situation
I only want to know
What i've been to you

Things you've said and things you've done
Can only make me wonder why
For you were so unlike them all
I thought you'd always be

I can only speak of love
You make me feel like it's a crime
Now I think I know some more
For what's come right now is my time

It's been a long time
Since I realized my life
Was in your hands
And now it seems it's just
A matter of time
(it's been too long, why sing this song)
You think you've been a
Simple-minded person
In this situation
I only want to know
What i've been to you
want to know
What i've been to you
want to know
