

Right Or Wrong

Rains

Yes I'm scared.
And all the bad things that I've done
And this world I'm bringing you into
I hope I'm the one.
Now I may not have lived my life to show you what's wrong and r
ight.
All I want to show you that life can be all

Right or wrong I'll get it right this time.
All along you'll know that you are mine.

Don't be scared it will all turn out just fine.
I'll protect you from everything in life
When you need to hide.
Now I may not have lived my life to show you what's wrong and r
ight.
All I want to show you that life can be all

Right or wrong I'll get it right this time.
All along you'll know that you are mine.
Right or wrong I'll get it right this time.
Here or gone you'll know that you are mine.

Don't be scared now.
I'll protect you.
Live your life
I'll be there for you.

Right or wrong I'll get it right this time.
All along you'll know that you are mine, all mine.
Right or wrong I'll get it right this time.
All along you'll know that you are mine.
Right or wrong I'll get it right this time.
Here or gone you'll know that you are mine, all mine.
