

## Unsinkable II

### Raised Fist

It doesn't matter how I pretend  
Beauty is my only friend  
When no one is here to defend  
Beauty is my only friend

Sitting in the window looking out  
Wonder what it's all about  
What makes you scream and shout  
Try to prevent my hands from shaking  
My heart and body is aching  
Not in phase for decision making

I was in need of a heart when I found a fist  
It was heaven from the start and we'd coexist  
I'm still beautiful as long as I don't resist  
Now my eyes are full of nothing and I'm hiding my wrists

Looking into the mirror and I see myself  
I wanna be unsinkable  
Looking into the mirror and I see myself  
I wanna be unsinkable  
Unsinkable!

It doesn't matter how I pretend  
It doesn't matter how I pretend  
When beauty is my only friend

Feeling shortness of breath  
Unconscious on the bed, this must be close to death  
I'm burning up like a cigarette  
My bed is full of sweat, should I run?  
Constantly under threat

I was in need of a heart when I found a fist  
It was heaven from the start and we'd coexist  
I'm still beautiful as long as I don't resist  
Now my eyes are full of nothing and I'm hiding my wrists

Looking into the mirror and I see myself  
I wanna be unsinkable  
Looking into the mirror and I see myself  
I wanna be unsinkable  
Unsinkable!  
Be unsinkable!  
Unsinkable!
