

# Babylon

Raja Kumari

I am alive  
Nothing to hide  
Root to the earth  
Crown to the sky  
Chakras aligned  
Chakras aligned  
All of this fake  
Fuck the chase  
Ain't no rat  
No running in place  
Under attack  
My mind in a cage  
See the truth  
No looking away

Burn Babylon  
That hold on you is strong  
Take off that blindfold  
Straight down barrel of a gun  
Just keep 2 eyes closed  
So you only see one  
Samsara spinning  
Until ya time on earth is done

We fighting misery with faith  
That's how we can make thru the day  
Know we can suffer thru the pain  
Yah we ain't perfect, but we change  
Forgive us Lord

Oh God  
Oh God can you hear my call  
Oh God  
Oh God can you heal me

Money money money  
Flowing like the Nile  
Money money money  
Stack it in a pile

Money money is just energy  
Money money money  
Can't make a slave out of me

Burn Babylon  
That hold on you is strong  
Take off that blindfold  
Straight down barrel of a gun  
Just keep 2 eyes closed  
So you only see one  
Samsara spinning  
Until ya time on earth is done

Oh God  
Oh God can you hear my call  
Oh God  
Oh God can you heal me

Frequency rise  
There's no more lies  
No more disguise  
Frequency rise  
Spiritual vibe  
Spiritual high

Frequency rise  
Frequency rise

Spiritual vibe  
Spiritual high  
Frequency rise  
Frequency rise

Oh God  
Oh God can you hear my call  
Oh God  
Oh God can you heal me

Oh God  
Oh God can you hear my call  
Oh God  
Oh God can you heal me
