

Cleopatra

Raja Kumari

Nobody knows where I'm going
But I'm on my way to find
My beauty, my Cleopatra
How can I deny those eyes?

Pull up to my palace, I got Ranis in the stash
But I need a brown baddie who can dance for the cash
You know how I charm all the snakes in the grass
If you're not a bhaiya, you would not understand

Shawty want the brown boy, that's the fashion
Spend a hundred bands on my Cleopatra
She know I'm the man, no need for asking
Do anything I can for my Cleopatra
Shawty want the brown boy, that's the fashion
Spend a hundred bands on my Cleopatra
She know I'm the man, no need for asking
Do anything I can for my Cleopatra

Girl, you know that I could change your life
Trust me, you gon' fall in love

She want that brown skin
Yeah, she know I'm lit
I'm gon' buy a sari and some bangles for your wrist
She want both twins
Or you could take your pick
Love or kush
Either way it's a win
Only have one confession
It's always been you from the start
Please, don't make me chase forever
Aaja mere saath mera pyar

Shawty want the brown boy, that's the fashion
Spend a hundred bands on my Cleopatra
She know I'm the man, no need for asking
Do anything I can for my Cleopatra
Shawty want the brown boy, that's the fashion
Spend a hundred bands on my Cleopatra
She know I'm the man, no need for asking
Do anything I can for my Cleopatra

Brown skin, me and all my friends
We be rocking bindhis and gold bangles on our wrists
Say you wanna feel alive, goddess in the prime
One look got you shook, Indian ocean in my eyes
Now you deep in it, breathing it, my water
Only jasmines in my garden
Feeling intoxicated, got you faded off my touch
Don't ever make me wait, I'm number one, on God

They want the brown girl, that's the fashion
Spend a hundred bands like I'm Cleopatra
Now they know my name, no need for asking
Daughter of the king, call me Cleopatra

Shawty want the brown boy, that's the fashion
Spend a hundred bands on my Cleopatra
She know I'm the man, no need for asking
Do anything I can for my Cleopatra
Shawty want the brown boy, that's the fashion
Spend a hundred bands on my Cleopatra
She know I'm the man, no need for asking
Do anything I can for my Cleopatra
