

Fearless

Raja Kumari

I've dreamed of this all of my life
Now I'm standing on the edge
Lord knows what I sacrificed
And I'd do it all again

I made a wish on every star for this
And I can hear them calling for me

I planted a seed
And I watched it grow
I may have bet my heart
But I kept my soul
I planted a seed
And I watched it grow
I may have lost my way
But I found my home

Don't care if it's wrong or it's right
I will never be afraid
For all those who sacrificed
We're living for the dead

I made a wish on every star for this
And I can hear them calling for me

I planted a seed
And I watched it grow
I may have bet my heart
But I kept my soul
I planted a seed
And I watched it grow
I may have lost my way
But I found my home

Home
The freedom that we need
Is right in front of me
Home
We'll never be defeated
Not in front of me

Can't break me down
Yes I built this
Oh, brick by brick
Yes I'm fearless
Can't break me down
Yes I built this
Cuz I'm fearless

I planted a seed
And I watched it grow
I may have bet my heart
But I kept my soul
I planted a seed
And I watched it grow
I may have lost my way
But I found my home

Home
The freedom that we need
Is right in front of me
Home
We'll never be defeated
Not in front of me

Can't break me down
Yes I built this
Oh, brick by brick
Yes I'm fearless
Can't break me down
Yes I built this
Cuz I'm fearless

Yes we're fearless

Can't break me down
Yes I built this
Oh, brick by brick
Yes I'm fearless
Can't break me down
Yes I built this
Cuz I'm fearless

Yes we're fearless
