

# Juice

Raja Kumari

They want the juice  
They come back every single time  
But I'm the tree, I bear the fruit  
Season after season after season

You want the juice  
Got to get it loose  
Come on feel the bass in the back of the coupe  
Got that decor  
Come on gimme more  
Indian face but the bracelet Dior

They be like  
How'd you get that body  
All in that juicy couture  
The way that I do it  
Ain't nobody seen it before  
I married the game  
And we never getting divorced  
I'm just here settling the score

You know I like that shit  
Juice like Jamba  
That good karma  
You know who it is when I walk in  
Ain't no question  
Only one answer

Who got the juice  
Juice juice juice  
Juice juice juice  
I got the juice  
Juice juice juice  
Juice juice juice

Got a billion MFs that always got my back  
If you wanna come at the queen  
You better plan your attack  
Cuz I bring them baddies to the Boys Club  
They give me hate, but I turn that shit to more love

They be like  
How'd you get that body  
All in that juicy couture  
The way that I do it  
Ain't nobody seen it before  
I married the game  
And we never getting divorced  
I'm just here settling the score

You know I like that shit  
Juice like Jamba  
That good karma  
You know who it is when I walk in  
Ain't no question
