

Blood Ties

Rak-Su

Rak-Su, Rak-Su

They know we got them blood ties (Yeah, yeah, yeah, yeah, yeah)
Loyalty's a way of life (Yeah, yeah, yeah, yeah, yeah)
I got your back, you got mine (Yeah, yeah, yeah, yeah, yeah)
Through the rain and the sunshine, still won't change where my love lies (Blood ties)

Brothers for life (Blood ties)
Never divide (Blood ties)
Together we fly (Blood ties)
That's my guy (Blood ties)
Brothers for life (Blood ties)
Never divide (Blood ties)
Together we fly (Blood ties)
That's my guy

This ain't fake, this is real
Ain't no snakes, we share meals
Old school friends, they day ones
That real you can call my mum "Mum"
You see me laughin', you see me cry
Roll with me when low, fly with me when high
Said we could go blow, go live a new life
And you already know I'm stickin' by your side
First time I had a drink, you were with me that night
The night we got signed, my brother, we both cried
We can still kick back, just chattin' about life
The kids we're gonna have and who can be wife
T-Turn up, turn up, get wavey
Enemies run up, run up, we brave
Real, real love, only real ones know
Real, real stuff when I say, "My bro"

They know we got them blood ties (Yeah, yeah, yeah, yeah, yeah)
Loyalty's a way of life (Yeah, yeah, yeah, yeah, yeah)
I got your back, you got mine (Yeah, yeah, yeah, yeah, yeah)
Through the rain and the sunshine, still won't change where my love lies (Blood ties)

16 years, we've been goin' so cold (So cold)
It's just clear that our team won't fold (Nah)
We ain't gon' clear but give us a year
And trust me, you'll love our tracks, touch gold
Platinum plaques on our backs, like yo
See fakes in the back, up slap like no
Wait, tell the corner have the coroner
Rude boy, you can never step in our zone

This ain't fake, this is realer
Together we fly, together we winners
Together we kings, suits and tracksuits
Bind by blood screamin' out, "Rak-Su, Rak-Su"
Ease up, brother, come ride our wave
Set get done up, done up, get sprayed
Real, real love, only real ones know
Real, real stuff when I say, "My bro"

They know we got them blood ties (Yeah, yeah, yeah, yeah, yeah)
Loyalty's a way of life (Yeah, yeah, yeah, yeah, yeah)
