Rak-Su

Like woah  
Round and around and around we go  
Body making waves tick tock tip toe  
Tryna get it under control  
Take time when you move cyclone  
Storms getting wet weather warning  
3 red flags I'm ignoring  
Woah...  
Tick tock tip toe  
Take time when you move cyclone

Peligroso but I like the thrill of it  
No bravado trust me I can handle it  
Dimelo mami tell me what it is  
Is it avocado love you tryna spread a bit  
Tell your ex man he's a joker  
How'd he lose you what a choker  
Woah, there's a storm in sight  
Run into the eye have the time of your life

Ring ring  
I don't think I'm picking up my phone tonight  
There's too much baseline  
Can't hear a thing  
And I feel like something specials in the air  
Tonight

Girl, I love it when you rain on me  
I've been hunting just to get a piece of  
Tryna figure out why you really are a danger to me  
Coz you really are a site that I cannot oversea  
Tropical you got it all so let me take you to the tropics  
Your back bubbly  
All jin no tonic  
I ain't playing round  
Your back cause a cat 5  
And I really wanna know what that's like

Ring ring  
I don't think I'm picking up my phone tonight  
There's too much baseline  
Can't hear a thing  
And I feel like something specials in the air  
Tonight
